Clinical Psychologist V or VI

\$4,719 or \$5,103 per month (including shortage differential)

The Hawaii State Hospital is located in a beautiful setting in Windward Oahu, and provides services based on psychosocial rehabilitation and the recovery model. Our clinical psychologists work as part of an interdisciplinary team serving adults with severe mental illness, legal encumbrances, substance abuse problems, and frequently complex medical conditions.

Minimum Qualification Requirements

LEVEL V: Applicants must possess the requirements specified in either A, B, C, D or E below:

- A. Successful completion of all requirements for a doctoral degree from an accredited college in clinical psychology which included an internship in clinical psychology. In lieu of the internship requirement, applicants may substitute 1 year of professional work experience in the field of clinical psychology.
- B. Successful completion of all requirements for a doctoral degree from an accredited college in a specialty related to clinical psychology. The doctoral program must have included an internship in clinical psychology or must have been supplemented by a post-doctoral clinical internship. In lieu of the clinical internship requirement, applicants may substitute 1 year of post-doctoral clinical psychology experience under competent professional supervision.
- C. Holds a doctoral degree from a training program approved by the American Psychological Association, or holds a doctoral degree from a regionally accredited institution of higher education and also meets the experience requirement for inclusion in the National Register of Health Service Providers in Psychology, as described in [Chapter 465, HRS](#).
- D. Holds a diplomate certificate in good standing granted by the American Board of Examiners in Professional Psychology, as described in [Chapter 465, HRS](#).
- E. A valid license to practice psychology in the State of Hawaii, as described in [Chapter 465, HRS](#).

LEVEL VI: In addition to meeting the requirements specified for level V, applicants must possess a minimum of 1 additional year of professional clinical psychology experience which involved psychodiagnostic and psychotherapeutic services to individuals with severe problems of personality, social and emotional adjustment or mental retardation. The year of additional experience must have been comparable to level V in the State service.

PREFERRED EXPERIENCE IN: Psychological testing and violence risk assessment, neuropsychology, forensic psychology, behavioral assessment and consultation, psychosocial rehabilitation, or recovery-based services.

LICENSE REQUIREMENT: Within 2 years from the date of first appointment by the State of Hawaii as a Clinical Psychologist, the individual must meet requirements for licensing and obtain a license issued by the Hawaii State Board of Psychology, as required by [Chapter 465, HRS](#).
